

Request the installation of a cellular mobile phone in the OTE Van (MW-08707) which was recently put into service transporting passengers to and from the airport. Flights are generally scheduled early in the morning and at the end of the day, and there are often occasions when information needs to get to passengers or they need to contact their offices re arrival time.

STAT

The vehicle is GSA registered (Virginia License) Because of the daily need for the van, installation must be scheduled in advance and take only one day if at all possible.

Costs as outlined by OIT/ASB:

\$200.00	Installation
<u>40.00</u>	Activation of Aervice
\$240.00	One Time Charges

Monthly Costs:

\$ 39.00	Phone Line
<u>25.00</u>	Service
\$ 64.00	Monthly
